G. Tower Ferguson, Fso.,

70 Madison Avenue,

Toronto.

Dear Mr. Tower Ferguson:

I am very sorry to learn that your son has been so ill this winter and that he is still suffering from the results of his last operation. I have spoken to Mr. Brebner, the Registrar, about his case and he tells me that they have full information with regard to the facts. These matters are dealt with by a committee at which I am very seldom present, but I have asked Mr. Brebner to have the case as favourably considered as is consistent with what is done for others. As you may realise it is impossible to make exceptions but I note that we shall be able to grant his request, though as I say I cannot promise anything definite.

Yours sincerely,

President.
